*Subject Index**

A

Abdominal epilepsy (Sheehy, Little, and Stone), 355
Abnormalities, acid-base, in humans associated with use of Gibbon-Mayo pump (Hartmann, Roos, and Goldring), 454
ABO isoimmunization: use of specific Coombs and heat elution tests in detection of hemolytic disease (Haberman et al.), 471
Absence, congenital, of pituitary gland (Reid), 658
  of parathyroid gland (CPC), 690
Acid-base abnormalities in humans associated with use of Gibbon-Mayo pump (Hartmann, Roos, and Goldring), 454
Acknowledgment (Nelson), 147
Adaptive changes in immediate postnatal period, with particular reference to respiration (Karlberg), 585
Adenoma, papillary, of choroid plexus (CPC), 834
African children, malignant tumors in, special reference to malignant lymphoma (O'Conor and Davies), 526
Agglutinins, maternal leukocyte, and Shigella alkalescens, sepsis due to, with transient granulocytopenia of newborn (Rossi and Brandt), 639
Alcaligenes faecalis Bacillus, septicemia in newborn (Doxiadis, Pavlatou, and Chyrssostomidou), 648
Alimentation, intravenous, with chylous ascitic fluid (Warwick and Good), 387
Allergy, drug, in pediatric practice (Rabinowitz and Halpern), 75
Amino acid nitrogen, free alpha, creatine, creatinine, and total nitrogen in premature infants, interrelationships in urinary excretion (Bergstedt, O'Brien, and Lubchenco), 635
Anemia, hemolytic—erythroblastosis fetalis and sickle cell anemia, study of erythropoietin in two types (Jones and Klingberg), 752
  sickle cell, and erythroblastosis fetalis—study of erythropoietin in two types of hemolytic anemia (Jones and Klingberg), 752
  studies, sudden death during crises in young children (Jenkins, Scott, and Baird), 30
Aneurysm of ductus arteriosus in 7-week-old infant and paralysis of left diaphragm, left vocal cord (Berger, Ferguson, and Hendry), 800
Angiofibroma, nasopharyngeal (CPC), 428
Anomalies, dental and eye, craniofacial dysostosis, patent ductus arteriosus, hypertrichosis, hypoplasia of labia majora—a new syndrome? (Gorlin, Chaudhry, and Moss), 778
Antibody, anti-A and anti-B, elution, from erythrocytes of incompatible newborn infants (McElfresh et al.), 39
Anticipatory guidance in pediatric practice (Hill), 299
Aorta, coarctation, and associated patent ductus arteriosus, postoperative studies of infants (Behrer, Peterson, and Goldring), 246
  in dogs (Goldring et al.), 11
Arterial and arterialized blood in normal newborn infants and older children with congenital heart lesions (Mullinger, Niblock, and Young), 630
Ascitic fluid, chylous, intravenous alimentation with (Warwick and Good), 387
Atresia, posterior choanal, by cleft palate, mitigation (Kiel), 516
Attempted suicides in children (Jacobziner), 519
Autism, infantile (editorial), 584
  early recognition (Lewis and Van Ferney), 510

B

Bacillus faecalis alcaligenes septicemia in newborn (Doxiadis, Pavlatou, and Chyrssostomidou), 648
Balantidiasis in infancy (Woody and Woody), 485
"Bilirubin, 20 milligrams"; magic of numbers (editorial), 713
Birth injuries of spinal cord (Leventhal), 447
  weights of infants of toxemic mothers (Beaudry and Sutherland), 505
Blindness, color, and testicular feminization (Blattner), 425
Blood, arterial and arterialized, comparison, in normal newborn infants and older children with congenital heart lesions (Mullinger, Niblock, and Young), 630
  volume of infants, alterations in first hours after birth (Sisson and Whalen), 43
Body fluid compartments in severe infantile malnutrition, volume and composition (Kerpel-Fronius), 826
Bone, studies on sodium in (Forbes), 180
Books:
  All about you: an adapted child's memory book (MacLeod), 579
  Anesthesia for infants and children (Smith), 131
  Birth of normal babies, The (Strean), 577
  Child welfare: principles and methods (Zietz), 843
  Clinical auscultation of the heart (Levine and Harvey), 131

*January, pp. 1-136; February, 137-318; March, 319-446; April, 447-584; May, 585-716; June, 717-864.

Diseases of children in the subtropics and tropics (Trowell and Jelliffe), 132
Diseases of the nervous system in infancy, childhood and adolescence (Ford), 579
Education for child rearing (Brim), 709
Fluid and electrolyte therapy: a unified approach (Pickering and Fisher), 842
Infectious diseases of children (Krugman and Ward), 575
Involution of the ductus arteriosus (Sciacca and Condorelli), 579
Laboratory manual of pediatric micro-biochemical techniques (O'Brien and Ibbott), 575
Neurology of infancy (Dekaban), 709
Paediatrischer EKG atlas (Heck and Stoermer), 709
Pediatric neurosurgery (Jackson and Thompson), 574
Pediatric pathology (Stowens), 575
Premature infants, their nursing care and management (Geddes), 710
Proceedings of the tenth annual conference on the nephrotic syndrome (Metcoff), 132
The surgeon and the child (Potts), 754
Tuberculosis medical research—national tuberculosis association, 1904-1955 (Camerson and Long), 842
Tumors of the pancreas (Frantz), 576
What children scribble and why (Kellogg), 709
Borden S. Veeder (Smith), 137
(White), 139

C

Cancer chemotherapeutic agents, teratogenesis with (Blattner et al.), 285
Cat-scratch fever, etiology (Blattner), 839
Cephalhematoma with recovery, spontaneous infection (Jacobson, Lander, and Spiegel), 513
Chemical thermoregulation of full-term and premature newborn infants (Mestyán and Varga), 623
Chemotherapeutic agents, cancer, teratogenesis with (Blattner et al.), 285
Choanal atresia, posterior, by cleft palate, mitigation (Kiel), 516
Choroid papilloma (CPC), 834
Chylous ascitic fluid, intravenous alimentation with (Warwick and Good), 387
Circulatory factors in relation to idiopathic respiratory distress (hyaline membrane disease) in newborn (Smith), 605
Cleft palate, mitigation of posterior choanal atresia by (Kiel), 516
